

Be assured that the doctors and staff of White Eye Associates, PA, are taking appropriate measures to protect the health and welfare of our patients, staff, and our community.

Until further notice, we ask that you consider the well-being of yourself and others, by following these guidelines:

If you have symptoms of illness including cough, fever or other respiratory or flu-like symptoms, we ask that you contact our office to cancel and reschedule your appointment. As always, if you have an urgent or emergent issue, please notify our staff at 252.758.5800 in order for us to appropriately address your problem.

Have your family and friends stay home. If you need to be accompanied by a caregiver, we understand.

Take necessary steps to protect you and your household:

- Clean your hands frequently
- Avoid crowds and especially contact with people who are experiencing symptoms
- If you are sick, stay at home
- Cover coughs and sneezes
- Clean and disinfect common surfaces frequently

Thank you for your patience and understanding during this difficult time.
